

I am

plasma
donor

I'm trying to

donate
plasma

But

cannot
donate

Because

lack of
information

Which makes me feel

to get notified about
blood donation
camp's location

I am

plasma
requestor

I'm trying to

get plasma
for treatment

But

can't get plasma
in nearby blood
bank

Because

no plasma
storage facility
near me

Which makes me feel

feel to directly
contact the
plasma donor
